

***Community Association at Estero, Inc.***

## **SPECIAL NOTICE**

**Community Road Resurfacing Project  
November 2020**

Dear Marsh Landing Owners and Residents,  
The Board of Directors is providing this notice about the planned improvements to the Community.

The neighborhood roads will be resurfaced in the month of November 2020. This does not include the condominiums.

This project was approved by the Board of Directors and the project has been planned for a start date around the first week in November and the areas to be completed are the Villas first and then in the single family homes, starting on Marsh Landing Blvd. in the rear of the community.

**Once we have a detailed map and timetable for the project, we will email blast that out to owners and residents as well.**

This notice is just meant as a heads up for planning purposes only.

Given the need to direct traffic control, Seaton Paving will have team members directing traffic during this project and a map for dates and times for each area being provided for your reference as well.

We appreciate your understanding and consideration as we complete this important project for the community.

All the best,

Marsh Landing Community Association Board and Management
